# Gharieni Group is Brand Official 2020 of Forbes Travel Guide

## About Forbes Travel Guide

Forbes Travel Guide is the only independent, global rating system for luxury hotels, restaurants and spas. Started as Mobil Travel Guide in 1958, the company created the first Five-Star rating system in the United States. Today, Forbes Travel Guide's incognito inspectors travel the world, evaluating properties based on up

to 900 rigorous, objective standards. The company's annual Star Ratings, reviews and daily travel stories help discerning travelers select the world's best luxury experiences.

## The Gharieni Group has been selected as a Forbes Travel Guide Brand Official

For the second year in a row the Gharieni Group was chosen as the Official Spa & Wellness Equipment Manufacturer for Forbes Travel Guide, the global authority on luxury travel. Selected to represent the best products and services in the luxury hospitality industry, Gharieni embodies the core values and exacting quality standards demanded by FTG, the only independent, global rating system for luxury hotels, restaurants and spas.

Sammy Gharieni, CEO and Founder of the Gharieni Group states, "This great recognition by Forbes Travel Guide serves to reinforce our commitment to delivering stellar service, supreme comfort and impeccable design to our partners in the hotel and resort category. From the initial design concept to the installation of its equipment, Gharieni strives to deliver a memorable and impactful treatment experience to the guest and provider by incorporating multi sensorial components and full customization capabilities. This acknowledgement by Forbes Travel Guide will only reinforce our purpose in providing the utmost attention to design detail and differentiation in our equipment and furnishings."

"We are pleased to name the Gharieni Group as the Official Spa & Wellness Equipment Manufacturer of Forbes Travel Guide," said Filip Boyen, CEO of Forbes Travel Guide. "Gharieni's team of experts oversees every step of design and customizes spa tables, treatment beds and more based on client need. The company, which has more than 25 years in the business, puts guest experience at the forefront of its innovative products."

# The Gharieni Group

With almost 30 years of experience, Gharieni Group GmbH is one of the leading international manufacturers of high-quality spa tables, treatment tables, and equipment for the areas of spa, wellness, cosmetics, and foot care/podiatry.

Our tables and device furnishings, as well as our cosmetic and medical equipment, are sold on all continents in more than 100 countries worldwide. Luxury hotels as well as high-end spas and resorts around the globe rely on our "Made in Germany" products.

First-class material, outstanding quality, the best functionality, modern design, and exclusive innovations, coupled with the flexibility to respond quickly to customer requirements: that is our company's maxim.

We do not just think of ourselves as a manufacturer of equipment. We are in fact concerned with creating very special well-

ness experiences. Thus we have both the end customer as well as therapists in mind. We want to offer end customers unique relaxation and treatment experiences and therapists absolutely comfortable, ergonomic working with our products.

When developing our products, we think it's important to "think outside the box." Our in-house development department works continuously with specialists from other professions. This brain-pool isn't just the birthplace of new ideas. The expertise and innovations of other industry branches are also profitably incorporated here, such as in the fields of medicine and technology. In addition, designers with their expert knowledge are available for visually and functionally convincing implementation.

Our vision is simple: We want to offer you as our customer nothing less than the best possible equipment for unforgettable moments.

# Certified Quality

for Gharieni treatment tables  
and treatment units

"Made in Germany" production

In order to always live up to the "Made by Gharieni" brand, the standard "quality without compromise" applies in our company. This also includes guaranteed quality, because only this offers customers both transparency and security. In order to provide you with clear facts about the proof of production and to show that social responsibility as well as consumer interests are very important to us, we have put ourselves through a costly certification procedure by TÜV NORD and since early 2012 it's "official." In accordance with the TÜV NORD test criteria, our products in the areas of treatment tables and treatment units may be awarded the seal "Made in Germany!"

Quality management  
in accordance with ISO 13485

Of course, our manufacturing and administration are also subject to constant quality control. Comprehensive quality management of business processes has been in existence for over ten years and includes ISO 13485 certifications. As a customer, this guarantees you both product quality and excellent service, a combination that can hardly be found elsewhere!

# Testimonials

” *The Gharieni tables in our newly designed training center in Kehl are an absolute highlight, thanks not only their appearance, but also to their features. Exclusive design, unbelievable lying comfort, and varied technical equipment with easy handling make for an optimal package. All guests who attend our training academy are thrilled about the equipment.*

*Horst Müller, Sales Marketing Director, JEAN D'ARCEL Cosmétique GmbH & Co.KG*

” *We value the Gharieni brand not only because of its excellent products, which combine high quality with the best possible comfort and innovative design, but also because of the reliability of the after-sales service and the professional all-round customer service.*

*Thomas Liebich, CEO, Gertraud Gruber Kosmetik GmbH & Co. KG*

” *The Gharieni Quartz Table has been a fantastic addition to our treatment offering here at Glen Ivy. It has allowed us to offer a multidimensional service which not only wows and delights our guests but also keeps our therapists stimulated and engaged.*

*Clive McNish, General Manager, Glen Ivy Hot Springs*

*Upon meeting Gharieni I was blown away not only by their Quartz treatment table, but by their passion and professionalism which is evident when meeting the team. From our initial meeting, right through until the installation of the Quartz table, the team have always been on hand to support and guide us particularly in the creation of our bespoke Quartz treatments. Gharieni are a joy to work with and I am excited for what is to come in the future.*

*Tara Moore, Spa Manager at Galgorm Resort & Spa*

*The vision for Crown Spa Perth was to create a luxury spa facility to rival the best in the world. Impeccably elegant, its philosophy is built squarely on the pillars of luxury, indulgence and on offering an unrivalled spa experience. To complement the stylish interiors, we partnered with Gharieni, world leaders in luxury treatment tables.*

*Emma McGrady Director of Crown Spa Melbourne and Perth*

*I chose the Gharieni brand when choosing the workspace furnishings, because I am particularly impressed by the professional and personal support of the team and the quality of the materials. The wide variety of setting functions, the comfort, as well as the heat adjustment of the tables are particularly worth noting. The practitioners love the reliability and the comfort of the Gharieni products.*

*Marlis Minkenberg, Beratung & Training*

# Treatment Beds Options

## Soft Upholstery

In addition to the standard upholstery, tables with this symbol can also be equipped with a significantly thicker, very soft cushioning. Depending on the type of table, this soft upholstery is available with both a PU and synthetic leather cover. The extra-soft upholstery provides an even higher degree of lying comfort, in particular for longer treatment sessions.

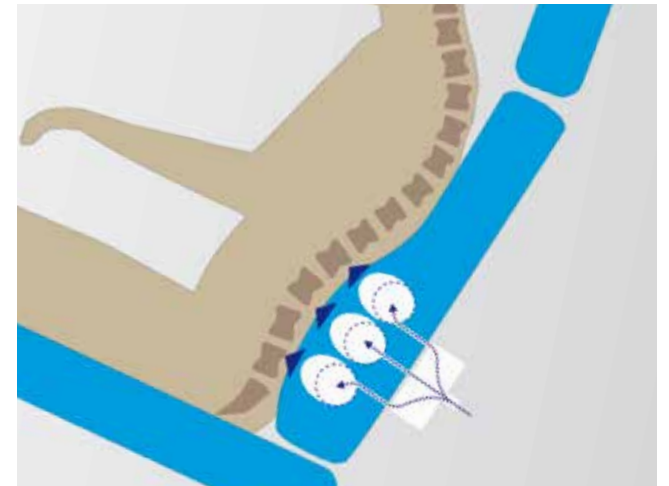

## Electrical Armrests

For even more comfort, the armrests - as well as the height, the back, leg, and foot section - can be fitted with actuators for electrical adjustment. In addition to direct control via pushbuttons on the armrests themselves, their position can be conveniently saved using the memory functions. This can bring the entire table into the preprogrammed position with the push of a button.

## Electrical Triple-Airback®

Many of our spa tables and a few of our cosmetics models can be equipped with an electrically-controlled Triple-Airback®. This lordosis support system is divided into three individually controllable zones and perfectly adapts the cushion in the lower back area to the physical needs of your customers. Airback® is particularly appreciated during longer treatment sessions or by people with back problems.

## Smart-Thermo Heating System

The intelligent Smart-Thermo heating system is integrated into the upholstery of the table and works with modern microprocessor technology. During the start-up phase, it heats with full power to achieve a comfortable temperature on the surface as soon as possible. Then, it is kept constant until the safety switch automatically turns off the heating after a predefined time. The variable parameters can be set via a programming sequence, which is initiated by a specific key combination. The Smart-Thermo heating system works with DC and is therefore almost free from electrosmog.

## Vibro-Wellness

Vibro-Wellness is a pleasantly massaging vibration system. Six or 10 different vibration motors in the upholstery can be controlled individually via a manual switch. The vibrations work on shoulder (back part), seat, and calves.

## (Multi-)Color Upholstery

For the treatment bed models with this symbol, two or three colors can be selected from our various trendy colors and combined in a multi-color upholstery. You can find our color charts with the current collection on page 19 of the catalog.

## Logo Embroidery

Treatment beds with this symbol have the option of having your logo embroidered into the upholstery or the neck rest. Only possible with synthetic leather upholstery.

## Multifunctional Headrest

The special headrest holder allows a variety of individual settings thanks to its double-joint system, which can not be achieved with a normal headrest. In conjunction with the separately available head sections, this makes almost every treatment in the head area possible. The following attachments are available:

### Crescent headrest

This headrest made of soft, washable PU, is ideal for cosmetic treatments, because the areas of the throat, neck, and shoulders are completely free and can thus be treated comfortably. At the same time, the customer's head is held in a comfortable and stable fashion. Also ideal for permanent makeup and foot care/podiatry!

### U-shaped headrest

With washable synthetic leather, soft upholstery. Both headrests can only be used in conjunction with the multifunctional mounting. Ideal for back massages!

# Treatment Beds Options

## XL Extension

This clever alternative to the conventional headrest allows individual adaptation to each customer: Simply remove the standard headrest and replace it with the XL Extension. This way both slimmer and wider individuals can be treated in a fashion that is ergonomically best for them. This is particularly useful in the massage position because the XL Extension serves as a support surface for the arms. The XL Extension can of course also be adjusted by simply pulling it out. For the SLXP and SPL treatment beds, the XL Extension is also available with a face cradle! (Not available with soft upholstery!)

## Color XL Extension

The XL extension can of course also come in a color from our current collection, as can the table itself. You can find our color charts at page 19.

## Color Basic

### Color casing

A treatment bed with this symbol is also available with the base, in addition to the standard white, in titanium-colored casing.

Casing in  
titanium

White standard  
Casing

### Special coating of the metal parts

A special coating of the metal parts in RAL colors is possible in models with this symbol. The colors black-brown, white, and titanium (RAL 9007) are included in the table price.

## Spa Ambience Light

Present your spa table in the proper light! This symbol indicates tables with hidden LED bar at the base. The indirect lighting creates an atmospheric ambience. With most tables you can choose from eight different light colors as well as an automatic color change at the push of a button.

## Wood Decor

Most of our spa tables are available standard in wenge-pattern or white. For tables with this symbol, you can also select your own favorite decor and before you know it, your table will be a perfect fit for your space! Ask for our current decor palette or visit our website at:

[www.gharieni.de/farbpalette-holzdecore](http://www.gharieni.de/farbpalette-holzdecore)

## Rotonde

The Rotonde function enables treatment beds to be rotated to the left or right a total 330°. Due to this rotation, the customer can be easily put into the ideal position during treatment. By means of a side lever, the desired position of the table can be determined and also released again. 360° rotation is possible with our hydraulic models. Here the Rotonde function is included for technical reasons.

## Castors

### Additional castors

Treatment beds with this symbol can be equipped with braked castors. This makes it possible to easily move the table.

### Electrically retractable castors

Instead of the mechanical castor mechanism, our spa tables with this symbol are also available with electrically extendable castors. These are controlled via the table's manual switch. That means: Mobility at the push of a button; it doesn't get any easier!

# Treatment Beds Options

## Foot Switch

Depending on the table model, foot switches with different functions can be used.

For example, on the MO1, MLW F1, and SPL all actuators and memory positions can be programmed and accessed with the memory foot switch.

Models such as the MLW or MLK use a footswitch to control the basic functions.

memory function

basic functions

## IR Remote Control

For table models with this symbol, a wireless infrared remote control is available. This allows the table positions to be retrieved even at a greater distance, wherein the functions correspond to the wired manual switch.

## Memory Remote Control

These tables can be optionally equipped with a memory manual switch, which allows up to four or eight individual positions to be stored. A simple manual switch to operate the basic functions is included with the equipment by default.

## Aroma Therapy

Enveloped by pleasant scents during treatment - with the Aroma Therapy option you can turn your treatment into a wellness experience for all the senses.

Depending on the table model, you can release aromas from one or three integrated fragrance chambers at the push of a button. The fragrances can be exchanged as desired.

## Multimedia

### Multimedia Sound System

The sound experience for your table! The built-in audio interface offers a modern interface between many playback devices and your spa table. With the speaker integrated into the table, customers can relax to their own favorite music. At the touch of a button, you can choose between targeted playback on the head area or the entire room.

Connection options: Bluetooth, SD card, USB, AUX, and iPhone.

### Audio-Relax-Headrest

Speakers integrated invisibly into the headrest guarantee a pleasantly relaxing sound experience with maximum comfort. The supplied MP3 player is attached to the outside of the upholstery so that it is easy to use at any time. Around 50 minutes of GEMA free relaxation music have already been loaded onto it. The player can also be reloaded via USB connection.

### "Stamskin Top" synthetic leather

### "Stamskin One" synthetic leather

In order to withstand even the most demanding environments (outdoor, medical, yachting, etc.), the innovative new product Stamskin One impresses with unique technical features and an incomparable finish.

Thanks to Serge Ferrari's elastomer technology, Stamskin One is particularly easy to clean and disinfect. The breathable surface is resistant to oils (massage oils, sunscreen, etc.), body fluids, and substances containing alcohol (detergents).

# Pedicure Chairs

Our pedicure chairs are functional and flexible. The seats are versatile and adjustable and can be controlled by hand switch. Depending on the bed model, up to eight positions can be saved via memory function. The quality actuators from Linak have the "Spline" safety feature, which prevents the danger of crushing on moving parts. For non-actuator-driven table parts, Stabilus pneumatic springs provide easy adjustment without much effort.

The construction of the chairs was designed taking ergonomic aspects into account. Numerous elaborate details, such as the optional Rotonde turning function, make the job easier. Pull-out head and foot sections provide comfort to customers of all body types.

A particular highlight is the Airback®, a lumbar support system whose adjustment is controlled by air pressure via a hand pump.

Airback® comes standard in all pedicure chairs. Our treatment beds always come equipped with a white Gharieni synthetic leather upholstery. Here you can choose from a large number of colors in addition to the standard equipment.

These can be found in the rear flap of the catalog. Choose your favorite from the Gharieni color chart or from the exclusive Ferrari Stamskin top collection! On some bed models, you can put together your own personalized bed from up to three different colors. The casing is made from robust, easy-to-clean, and colorfast plastic. It is available on almost all models in addition to the standard white in titanium.

The options table will show you which equipment options you have that can be found on the corresponding beds. The individual options are then page 14 explained from there. You can find an extensive list of accessories at the end of each bed section.

# Lina Select Podo Series

## Lina Select Series

Slim, elegant design, maximum comfort and variability. – Our Lina Select Podo series is the ultimate for the pedicure! Because the innovative Lina's program is "Select," which combines optimal working and table comfort as well as individual versatility. You can thus choose from the following versions of the one-piece upholstery cover with memory foam:

- Standard – the perfect "bottom layer" for massages
- Soft – for even more comfort, even with time-consuming treatments

Particularly practical: On all models, the armrests for massage treatments feature double-sided upholstery and can be folded down. In addition, the head and foot sections can be pulled out and removed. And of course you can adjust the height, inclination, back, and leg sections electrically and store up to four positions. In addition, the bed can be equipped with the upholstery-warming Smart-Thermo heating system. All Lina Select models are also available as versions with single leg section.

High-end application

The sides surfaces of the foot of the Lina Select Alu feature the same synthetic leather as the bed upholstery. Optionally, however, it is also possible to choose an elegant wood decor.

Usable on both sides

Particularly practical: On all Lina Select models, the armrests feature double-sided upholstery and can be folded down. This allows them to be used for prone massage treatments.

Lightweight, elegant & stable

The foot of the Lina Select Wood looks elegant, but at the same time it is extremely stable. With a wood decor of your choice, the bed can be perfectly adapted to the ambience of your workspace.

Dentalax neck rest

Indispensable for a pleasant treatment: the Dentalax neck rest. It supports the position of the neck and the head and thus ensures maximum comfort.

# SPL Podo Series

# SPL Podo Series

If you are looking for a solid treatment bed, our "SPL Podo" and "SPL Podo Soft" are just right for you. With its three or five actuators, the two bed models can be adjusted as quickly as you want: From starting position to the classic treatment position, to the massage position, you can save up to eight different settings and retrieve them simply by pressing a button.

With the "Standard" and "Soft" upholstery versions, the SPL Podo offers different degrees of firmness especially for your treatments. Fold-down armrests as well as a lower bed access height make it easier for shorter customers to step up. At the same time, the pull-out headrest and footrest offer taller people optimal comfort. The seat surface rotates thanks to the optional Rotonde function. This gives you even more flexibility when working. You can choose the color of the bed upholstery - for the best look to match the ambience of your workspace - from our large PU and synthetic leather collection. The SPL is also available as a Podo version.

## Features:

- 5-actuator version: height, seat inclination, back and leg sections electrically adjustable by hand control
- 3-actuator version: height, seat inclination and backrest electrically adjustable by hand control, leg sections adjustable by gas spring
- Fold-down armrests
- Pull-out headrest and footrest
- "Airback" lordosis support system integrated into the upholstery (see page 24)

# SLXP Podo

## SLXP Podo

This classic foot care couch offers everything that is necessary for a pleasant and professional foot care treatment: full mobility with gas pressure springs or actuators, a pleasant sitting feeling due to the ergonomically shaped, continuous cushion as well as many options for individualisation.

The SLXP Podo is available in three versions: with three, two and one actuator. On all models, leg rest adjustment is performed via gas springs and height adjustment via hand switch or optional electric foot switch. Depending on the model, you can store and recall three individual lying positions using the memory buttons. The ergonomically shaped, one-piece XP pad can be selected in many different colours.

With the optional Rotonde function, the seat surface can be rotated. This gives you even more flexibility when working.

Variable PU armrests

Thanks to their special design, the optional PU armrests allow for use at variable heights. They can be effortlessly removed and used on opposite sides. This results in a high or low position for resting the arms. In addition, you can also remove the armrests altogether if the treatment requires it.

XL Extension

The head section on the XL extension is primarily designed for prone massages. The enlarged cover surface offers additional room for resting the arms, thus creating a relaxed neck area.

Extra long leg section

Due to the adjustable lower leg pads and the optional foot rests, the leg sections can be extended to a length of approx. 77.5 cm. This guarantees the best comfort for all body sizes.

Easy access

The swivelling leg sections and armrests as well as the seat that can be lowered at the front (entry aid, included in the optional memory package) make it easier to take a seat on the PLS.

Variable seat

Thanks to the manually adjustable seat surface, the seat depth can be perfectly adjusted in four steps from 49 to 51 cm to suit the anatomical characteristics of your customers.

Collecting tray

The optional collecting tray can be fixed to the leg section by means of a special holder, thus enabling practical, hygienic working.

# MLX Limber Podo Series

# MLX Limber Podo

The MLX Limber Podo's numerous adjustment options provide unique flexibility - for a new dimension in your treatments. Four different model variants (see "Spa, Beauty & Wellness" catalogue), each available with or without storage space, offer the ideal equipment for every requirement. With the MLX Limber Podo, the foot rests can be swivelled to the side, which makes working on the feet extremely easy. The oval-shaped lying surface and the extremely narrow base provide better access to the leg, head and neck areas. Up to six motors allow extreme positions and make the Limber a multi-functional couch with unmatched flexibility. The optional storage space in the couch base allows practical storage of work accessories and equipment.

## Features:

- Height, inclination, head, back, leg, and foot section are electrically adjustable
- Up to eight pre-stored positions can be called up at the push of a button
- Lowerable armrests
- Armrests swivel horizontally
- Inclinable head section with face cradle
- Trendelenburg feature
- Locking feature
- With PU comfort upholstery in two thicknesses or synthetic leather upholstery
- Standard upholstery color: White. Other colors from our color collections for additional charge
- Base in white or wenge, optional in other decors
- Doors made of Corian®
- Depending on the model with generous storage space in the base, for example for up to two medium-sized Hot Cabis

- Height: approx. 63-98 cm
- Length: approx. 200 cm
- Width: max. approx. 85 cm
- Lifting capacity: 300 kg
- Load capacity of lying surface: 350 kg

Side swiveling footrests

Thanks to the horizontally swivelling foot rests, you have free access to your feet during foot treatment.

Mobile PediSpa

With the rollable "PediSpa Mobile" you can pamper the feet of your customers on the Limber Podo. The tub offers a height-adjustable footrest and exchangeable inlays.

Storage space in the base

The optional storage space in the base allows you to store your equipment and work utensils directly and always at hand.

Base without storage space

Even without storage space the MLX Limber looks great. The attractive metal-wood design provides an elegant, modern look and fits into any ambience thanks to the large selection of decors.

# SPLmed Series

## SPLmed Series

The SPLmed was specially developed for use in medical rooms and is a Class 1 medical device according to Directive 93/42/EEC and EC Directive 2007/47.

With its four drives, the treatment bed model can be adjusted particularly quickly as desired: From the entry position to the classic treatment position to the massage position, you can save up to eight different settings and call them up simply at the touch of a button.

Tiltable armrests and a low step-in height make it easier for smaller customers to get in. In addition, the extendable headrest and footrest offer optimum lying comfort for larger persons. The seat can be swivelled with the optional Rotonde function. This gives you even more flexibility when working. You can choose the colour of the upholstery from our large imitation leather collection to create the right "look" for the ambience of your rooms.

### Features:

- Four particularly fast drives
- Height, inclination, back and leg area electrically adjustable
- Foldable armrests
- Extendable headrest and footrest
- Airback® lumbar support system integrated in the upholstery (see page 20)
- Spline safety drives to reduce the risk of crushing
- Optional rotating function of seat "Rotonde"
- Upholstery made of imitation leather
- Standard upholstery colour: white. Other colours from our colour collection for an extra charge.
- Multicoloured upholstery also possible
- Base in white or optional in titanium

- Height: approx. 59-100 cm
- Length: approx. 142-198 cm
- Width without/with armrests: 62/80 cm

Rotonde function

This feature allows the seat to be turned left or right by up to 330°. By means of the side-mounted locking it can be easily fixed in any position.

Headrest with XL extension

The adjustable and retractable XL extensions is a support surface for the arms, especially for prone body massages.

Manicure bowl

As with many other Gharieni treatment beds, the SPL also allows the installation of a detachable manicure bowl on the armrest (Exception: Soft upholstery).

Footrest

This practical chrome-plated footrest protects the plastic casing of the base from mechanical wear and tear and dirt during head-side treatments.

# SLR MD

## SLR MD

From the classic treatment position to the setting for massages - as a treatment couch, the SLR is multifunctional. Equipped with four actuators, you can electrically adjust height, back, seat angle and leg section via a hand control and also store four memory positions. Flexible working is also made possible by the small width of the upper back section. Thanks to its mechanically extendable castors, the SLR is also easy to move.

The couch has a low entry height of only 58cm; and the seamless imitation leather upholstery made of one piece offers your customers optimum comfort.

The base of the SLR is available in titanium look with stainless steel elements. Equipped without armrests as standard, this couch can optionally be extended with various exchangeable and removable armrest variants.

### Features:

- Small back width for flexible working
- Height, back, seat inclination and leg section electrically adjustable via hand switch
- Four memory positions can be stored
- Various removable armrest variants can be used as an option
- Titanium-look base with stainless steel elements
- Low entry
- Seamless artificial leather upholstery
- Standard upholstery colour: white. Other colours from our colour collection for an extra charge.

## Suitably adjustable

The SLR can be adjusted according to your needs and those of your customers. In terms of height, the bed can be set to 58-85 cm. The seat can be inclined by 12°. The backrest can be tilted in relation to the seat from 0 to 75° and the leg section from 0 to

-80°. The headrest as well as the footrest can be extended by 10 cm. The armrests can be swiveled back and folded down for massage treatments.

Variable PU armrests

The optional PU armrests, thanks to their special design, allow for use at variable heights. They can be effortlessly removed and used on opposite sides. This results in a high or low position for resting the arms. In addition, you can also remove the armrests altogether if the treatment requires it.

# MLK Physio

## MLK Physio

The MLK Physio is our specialist for physiotherapeutic use. The special feature of this massage table is the electrically elevatable center section to relieve the middle and lower back area. The centre of the two-part lying surface can be raised at an angle of up to 28°.

The height of the MLK-Physio can also be electrically adjusted. The headrest can be tilted pneumatically by +/-30° using a gas pressure spring. The MLK Physio is equipped with armrests that can be lowered for treatments in the prone position. The base is available in both white (standard) and titanium optics (optional).

### Features:

- Electrical height adjustment
- electrical adjustment of the elevated center position
- Lowerable armrests
- Head section with segmented face cradle inclinable +/-30°
- White synthetic leather upholstery, optional in other colors

## The massage specialist

The massage table MLK Physio is electrically adjustable in its height of 61-91 cm, its head rest can be tilted  $\pm 30^\circ$  by means of a gas pressure spring. It is also equipped with lowerable arm-

rests. In addition, the MLK Physio also has a segmented lying surface for setting an elevated center position..

# Treatment Beds Accessories

## Upholstery Covers

With the right covers your treatment bed will always be well protected against different types of stresses and strains. The table-specific covers are an exact match to the individual upholstery segments. With their integrated elastics, the parts of the terrycloth stay exactly where they belong, thus having no effect on the functioning of the bed.

Thanks to the high-quality material, machine washing up to 60° C is possible and therefore hygienic cleaning is possible. Our covers are available in three different colors: White, choco, and macchiato.

It is best to order the right cover directly when you buy your table. Our team would be happy to help you decide!

## Dentalax Neck Rest

This little accessory supports the neck and helps to stabilize the head. This creates a more comfortable table experience while relieving the neck vertebra. We recommend the Dentalax for each of our treatment tables as an optimal supplement for the best lying comfort and an increase in treatment ergonomics. The neck rest is available to match the upholstery color of the table.

## Equipment Versions

SPA programs: Vitalize & Relax for PediSpa SUPERIOR and DELUXE.

The FOOT BATH<sup>ATT</sup> from Dornbracht combines different spray modes, comfort functions, and pre-programmed scenarios. Each of their effects remains noticeable long after use.

There are two scenarios to choose from in the FOOT BATH<sup>ATT</sup>:

FOOT BATH<sup>ATT</sup> scenario 1: VITALIZE

This program refreshes, invigorates, and gives new energy. Four nozzles massage the reflex zones on the soles of the feet with increasing pressure intensity and changing temperatures.

FOOT BATH<sup>ATT</sup> scenario 2: RELAX

This scenario stimulates, relaxes, and warms. After the feet are immersed in the warm, shallow water, the temperature and water levels rise slowly, until the customer leaves the foot bath after 10 minutes.

### SMART TOOLS

Operating the FOOT BATH<sup>ATT</sup> is simple and easy via the digital SMART TOOLS.

For PediSpa COMFORT, SUPERIOR, and DELUXE.

### Pouring Tube

The pull-out pouring tube allows for refreshing, individual Kneipp pours.

For all four PediSpa versions.

### Water Fall Filling

The pool is automatically filled with fresh sparkling water via the Water Fall with Pearlstream.

For PediSpa DELUXE.

# PediSpa Compact

## PediSpa Compact

With our PediSpa models, you can not only work perfectly professionally, but the foot bath also becomes a special wellness experience. Because these treatment tables offer exceptionally comfortable seating. The space saver among the PediSpas is the PediSpa Compact, which is permanently installed on the floor and has an integrated water inlet and outlet as well as a pull-out hand shower. Its basin is covered by the frame as soon as the seat is pushed forward. In addition, the little step on the front can be pulled out. Featuring a non-slip surface, customers can comfortably and safely be seated and also "descend" back down again. In addition, the PediSpa Compact is available with two armrests: standard with low armrests or optionally with high armrests, each of which can be equipped with an integrated folding tray.

### Features:

## Practical in every respect

With this PediSpa, the base and seat can be pushed over the foot basin to save space. The pull-out step makes it easy for customers to take their seats and descend again; and the headrest, which can be tilted forwards by 25°, offers perfect sitting comfort.

The footrest, which can be adjusted up to 21 cm in height, allows for ergonomic working during pedicures. Thanks to the backrest, which can be tilted backwards by up to 75°, the PediSpa Compact is also perfect for use with cosmetic treatments.

## Kg Furniture Series

The flexible Kg furniture series meets the highest aesthetic and functional requirements. The Kg cosmetics trolley offers four spacious drawers and thus enough space for your practical work. The modern tip-on technology facilitates the use of the trolley: With light pressure, the drawers slide out gently and quietly. The elegant handle and smooth-running castors make it easy to slide the trolley into the needed position.

The exclusive Kg laundry cart offers the ideal solution for dirty laundry. Used towels, covers, and other textiles disappear immediately through the opening at the front. Like the cosmetics trolley, the position of the laundry trolley can also be adjusted by smooth-running castors.

The Kg washbasin cabinet is just as elegant as it is practical. Divided into three areas, there's plenty of space for equipment, towels, used textiles, and more. On request, an attachment washbasin can be integrated.

And for just the right look, choose from over 50 wood and color decors in matt or high gloss!

### Kg Washbasin Cabinet features:

- Individually assembled
- Three sections for towels, various devices, used laundry, and much more.
- Additional attachment basin possible

### Kg Cosmetic Trolley features:

- Four spacious drawers
- Gentle sliding out of the drawers via "Tip-On-Automatic"
- Elegant handle for moving the furniture
- Rubber castors for pushing

### Kg Laundry Trolley features:

- Easy disposal of used laundry through wide insertion slot
- Laundry easily removable via large front flap
- Drawer with Tip-On-Technology
- Rubber castors for pushing

Attachment washbasin

The attachment washbasin is optionally available and makes the washbasin cabinet an optimally practical unit. For the current collection of attachment washbasins, ask our staff.

Compartment for dirty laundry

Towels, covers, and other textiles can be stowed immediately after use via the large slot of this fold-out compartment. This way your workspace will always look tidy even during treatment.

# Hybrid Airspray Podo Module

The "Hybrid AirSpray Podo Module" makes particularly practical work possible. This is because two drill technologies are combined here; on the one hand the spray function with a bright LED light, and on the other the extremely quiet vacuum function. All this is fully integrated into an exclusive piece of furniture from our Podosystem series.

This has a spacious pull-out shelf with three flexible racks and a glass door.

The Hybrid Airspray Podo module can be used as solitaire furniture thanks to its smooth-running castors. If required, you can also combine it with other Podo system modules to create a furniture line. Available in various decors, the practical furniture can also be perfectly integrated into any interior.

## Features:

- Two devices in one
- Spray and vacuum technology combined
- Spray function with practical LED light
- Extremely quiet vacuum function
- Speed: max. 40,000 rpm (both handpieces)
- Speed adjustable via foot pedal
- Three individual settings can be stored

Recessed storage surface

In the recessed storage surface, products can be securely set aside during your treatments. The built-in facial tissue dispenser is also practical.

Clear & handy

Thanks to the three terraced drawers on the back of the CL Trolley, you can store everything clearly and within easy reach.

Enough space

The two compartments in the semicircular front can be used for a supply of products.

## Cube Square

The Cube Square Trolley, with its modern, simple design, is available in three versions: a large drawer and an internal storage compartment, with two drawers, or a drawer and a storage compartment. Particularly practical: The smaller drawers can be pulled out on both sides. The trolley is available in white, wenge, or optionally also in two colors; and the square metal base can be (optionally) selected in white, titanium, black, or chrome. For a look that fits your workspace, you can also configure the Cube Square into one of our numerous other decors. Equipped with lightweight castors, the trolley is also perfectly mobile.

### Features:

- Modern, clear design
- Wood decor in white and wenge
- Optional two-tone
- High-end metal-wood combination
- Square metal base in white, titanium, or black-brown
- Chrome base optional
- Additional decor versions possible
- Available in three versions: With a large drawer and internal storage compartment, with two drawers, or with a drawer and a storage compartment
- Small drawers can be pulled out on both sides
- Brakable lightweight castors

Drawers can be pulled out on both sides

A clever detail on the Cube Trolley: the drawers can be pulled out on both sides. This way you have quick access to your work instruments from all sides.

Storage compartment for devices

In addition to a drawer, the Cube Trolley can also be configured with a storage compartment. Equipped with a pedicure device, it becomes the perfect trolley for foot care.

Optional: Chrome base

In addition to the standard colors white, black-brown, and titanium, the base of the Cube Trolleys is also available in elegant chrome.

Modern design

Its wood-paint-metal look makes the Cube Square Trolley a visual highlight. Of course, it can also be configured in a monochrome design. Ask about our current wood decor palette!

### Integrated UV compartment

The Cube Select can optionally be equipped with an integrated UV compartment for low-germ storage of your instruments. The UV light activates automatically when the cube is closed.

### Elegant metal base

The metal base with its slim, round column makes the trolley look very light. Available in white, black-brown, titanium, and chrome.

### With or without castors

In addition to the large lightweight castors, the Cube Trolley can be equipped with a simple stationary stand.

### Various drawers

With the Cube Select, you can choose between a large-capacity drawer with two spacious inner compartments or two medium-sized drawers.

## GlaStyle

An equipment trolley with an extraordinary design – that's the GlaStyle. The combination of metal and glass and its curved design make it an exceptional helper in your studio. With up to three height-adjustable and swiveling glass tops, it offers you enough storage space for everything you need for your treatments. Also practical are the integrated magnifying lamp holder and the lightweight castors. These allow you to easily move the GlaStyle to where you need it. In addition to the number of glass surfaces, you can also choose the color of the base to your liking in white or titanium.

### Features:

- Up to three swiveling shelves in glass decor with chrome-plated edging
- Height-adjustable and swiveling glass tops
- Railing can be shortened
- Base in white or titanium
- Magnifying lamp holder
- With breakable lightweight castors

Glass surfaces with railing

The glass shelves are equipped with a railing that can be shortened. This allows everything to be stored securely to prevent it from falling.

Color of your choice

You can choose the base of the trolley in white or titanium.

With magnifying lamp

Thanks to the integrated holder, you can also equip the preparation and device trolley with a magnifying lamp.

Easy to move

With its large lightweight castors, the GlaStyle is mobile and at the same time stable. In addition, the base of GlaStyle offers a practical little waste container.

## Chair/Stool "Anatomical Saddle-Seat"

Our specialists when it comes to ergonomics are the anatomical saddle-seat stools and chairs. Thanks to their specially curved seat design in the Large and Small versions, the saddle-shaped seats ensure optimal pressure distribution in the buttock-area while relieving the strain on the thighs. The "For Men" model, with its recess in the front part of the seat, also caters to the special ergonomic needs of men.

The "floating" version also offers a seat that swings in all directions to maintain the mobility of the pelvis and promote the flexibility of the discs.

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest and a tilting seat.

### Features:

- Anatomically-shaped saddle-seat
- Pneumatic height adjustment
- Rotating saddle-seat
- Comfortable upholstery
- Chair version with inclinable seat to relieve pressure on the thighs
- "Air" chair version with air chambers to relieve pressure
- Washable and durable cover
- Synthetic leather cover in white
- 5-caster safety base
- Rubber castors with Roll-Stop function
- Optional with floating equipment: swinging, adaptable to the movement of the seat, in two types of firmness (soft and medium)
- Base in three colors: Black (standard), titanium, or chrome
- Four-caster base versions (see page 131)

# Stools & Chairs

## Chair/Stool "Saddle-Seat"

Our saddle-seat chairs or stools have a specially shaped seat similar to a bicycle. The advantage here: The recesses on the seat minimize the unpleasant pressure of the seat on the thighs. The durable synthetic leather upholstery is available in different colors (see color chart in the cover)

All models have the obligatory height adjustment and the five-caster safety base. The chair model is also equipped with an adjustable backrest as well as a tilting seat.

### Features:

- 50-62 cm height adjustment
- Saddle-shaped, flat seat
- Pneumatic height adjustment
- Rotating saddle-seat
- Chair version optionally with inclinable seat to relieve pressure on the thighs
- Comfortable upholstery
- Washable and durable cover
- Synthetic leather cover in white, additional colors optional
- 5-caster safety base
- Rubber castors with Roll-Stop function

## Alfa Air Quantus

A quantum leap in vacuum technology.

### Quiet

The appliance is one of the quietest ones (only 52dBA) on the pedicure market. You have to really listen to find out whether the appliance is operating or not.

### Strong

Operating with brushless micro actuators, the appliance provides 5,000 to 30,000 resp. 40,000 rpm optimum torques. No „slipping“ of the milling, no „sticking“ of the micro motor even at low speeds with a bigger milling diameter.

Moreover, the brushless suction motor provides an efficient suction capacity and a long service life.

### Light

Due to its revolutionary suction technology, the appliance is lightweight as it is not equipped with traditional heavy suction turbines. This provides the technician with better working tools for mobile pedicures and a reduced workload.

### Boule Freezer

#### Cosmetic Application

Next to the basing effect the boule freezer can also be used for the faster and more effective infiltration of agents into the skin in the form of creams or ampoules. They can also be used to fix make-up.

#### Product Attributes

The casing of the boule freezer is made of special glass Duran-50, which prevents the liquid from freezing and protects the skin from freezer burn, like they used to do incidentally by using ice before. The contained liquid does not freeze and fulfills all claims of security and hygiene. The grip material as well was specially chosen for long cooling phases and secure application.

#### Direction for Use

The boule freezer will be put into the freezing compartment or the refrigerator. Afterwards the boules will be guided with low pressure all over the skin in a rotary motion.

# COMBINAL

## COMBINAL Eyelash Color

Soft, easy to apply cream that tints eyelashes and eyebrows for about 7-8 weeks, waterproof and smear-proof. When tinting the eyebrows, the application time is approx. 8-10 minutes and when tinting the eyelashes, approx. 4-5 minutes. COMBINAL also stimulates lash growth. The eyelash colours can be mixed with each other as desired, so that a variety of colour shades can be achieved. The eyelash colour graphite and light brown should mainly be used for eyebrows in order to achieve a natural shade.

## Quartz Pouch Massage

The partial or whole body massage while using warm quartz pouches and ethereal oils is a wonderful treatment ritual in view of warmth, wellness and physical comfort. The gentle pressure massage with the heat-retaining quartz pouches not only provides specific temperature stimuli but also activates the reflex areas of the skin. The blood circulation as well as the elimination of toxins and waste products are stimulated; and the flow of energy is controlled. Your customers will enjoy these moments of deep relaxation while - in a gentle way - physical tensions are being eliminated, the muscles are recovering and regenerative energies are flowing - assuredly.

On the following pages you will find everything you need in view of quartz pouch massages.

- Height: 28 cm
- Width: 63,5 cm

# Persian Treasure

Persian blue salt is one of the rarest rock salts on earth and is therefore particularly precious. The crystals of the salt shimmer in harmonising, relaxing shades of blue - from delicate aquamarine to dark sapphire blue. The "colour of the sky" is also said to have other beneficial effects. Blue is said to have a mental and physical balancing effect, calming and regenerating. The released ions of the salt also have a positive effect on the respiratory tract. When mixed with natural alpha quartz sand, Persian blue salt gives all treatments a particularly noble and exclusive touch.

# Himalayan Touch

This innovative mixture of quartz sand and Himalayan rock salt brings the beneficial microclimate of mountains, coasts and forests into your treatment room! The steplessly adjustable heating of the quartz and salt mixture release the ions of the salt. The ionized air increases the oxygen uptake during breathing. The positive effects are:

- General refreshment and vitalization
- Physical relief and relaxation
- Mental reassurance
- Stimulation of the metabolism
- Stimulation of the immune system

# Baltic Sunset

The mixture of quartz sand and high-quality Baltic amber uses the beneficial power of "The Gold of the Baltic Sea". The following effects are attributed to amber, also called Stone Of Security, Stone Of Trust or Stone Of Wholesomeness.

- Mental harmonization.
- An energizing effect.
- A compensatory effect on the hormone balance.
- Increased vitality.
- Detoxification of the body.
- Anti-inflammatory effects - even on the skin.
- Support of the immune system

This mixture provides extraordinary Signature treatments and is also suitable for Thalasso treatments..

# Hot Stones

## Hot stone massage: relaxation using volcanic heat.

The black or grey shiny natural basalt stones from the volcanoes of Hawaii - when heated to approx. 55 °C - are characterised by their heat storage capacity. This attribute of the hot stones provides deeply-penetrating and relaxing warmth for the vegetative nervous system as well as for the muscular system. Physical tensions are eliminated, the flow of energy is stimulated and both the circulation and cell metabolism are supported; moreover, waste products are removed. Use the hot stones for chakra treatment, e.g. place the stones on the solar plexus or neck. Furthermore, you can use them for meridian stimulation. hot stones can be combined with fragrant ethereal oils to carry out beneficial stone massages which can be integrated in numerous treatment programmes.

Peter Hess®-Singing Bowls

## Singing Bowls

### To resonate with the inner rhythm...

...to reach harmony of body, mind and soul - massages with Tibetan singing bowls make it possible. Millennia-aged Indian and Tibetan knowledge of the effect of sounds are the basics of sound massages. The fine oscillations of the singing bowls provide an harmonious rhythm of the body fluids. The concentric waves massage each cell of the body in a gentle way. Blockages and physical tensions are eliminated and the complete body is shifted into an harmonious equilibrium. Use the beneficial singing bowls massages to find deep relaxation and inner peace.

### Autoklav Melatronic 15 EN+

Approved according to MPG (Medical Devices Act). The Melatronic 15 EN+ autoclave is based on its predecessor, the Melatronic 15 EN. In addition to this model, a drying system has been installed in the new 15 EN+, which meets the latest hygiene requirements. The drying system used here has been a standard feature of larger autoclaves for years and is now also available for Melag's smallest autoclave. This autoclave complies with the European standard EN 13060. MELAflash is a card recorder which ensures the validation of your sterile goods. You can load the stored data onto your PC and thus create a complete record of the sterilisation processes.

Delivery includes 3 trays and MELAflash.
